every product that  
we offer is created  
and produced around  
our four core values

## quality

All of our products are passed through stringent quality assurance processes to ensure they reach the exacting standards that allow us to offer our 12 year guarantee.

## design

Our products range from traditional mixers, shower valves and accessories to contemporary designs including waterfall style spouts, handle options in different colours and materials and products that use the latest digital control technology. Our global presence ensures we remain at the cutting edge of international design trends.

Millgate Homes, UK

## service

We pride ourselves on delivering outstanding customer service throughout the entire buying process, from initial query through to delivery and aftersales care.

## innovation

We have a team of people dedicated to developing product ranges that innovate in their form and function. We design products that not only look great but are easy to install, maintain and minimise environmental impact.

# The Hydrologics Studio

Specifically designed to give VADO's visitors a thorough understanding of brassware manufacturing, plumbing systems, showering and water saving technologies, The Hydrologics Studio is VADO's stunning and unique state-of-the-art training and visitor centre.

## sustainability

We take the issue of sustainability seriously, hence our ISO:14001 certification and our maximum five star Green Achiever ranking.

Almost every product in our range can be fitted with an H2Eco flow regulator and our 'air injected' Atmosphere range of showers can reduce water consumption by up to 50%. As well as helping to save water and reduce utility bills without compromising design, these products allow compliance with government regulation.

## global distribution and service

We work in partnership with a global network of distributors that spans more than 60 countries. Dedicated sales support and technical support teams work closely with our customer base to ensure we constantly deliver service excellence.

## project work

Our products can be found in some of the most prestigious hotel and residential developments throughout the world. Our proven ability in delivering and supporting large-scale developments has established us as a name you can trust.

"The diverse range of products VADO offers allows us to specify the designers' exacting needs. VADO are always very supportive and helpful, providing advice and information on the best products to achieve our goals."

Asad Suboh, General Manager,  
Technical Agencies, Saudi Arabia

"We have found both the H2Eco range of water saving products coupled with advice and help from VADO's knowledgeable sales team to be an indispensable asset to our business."
